ABOUT MOGOGO

Mogogo is an international brand, born from an interdisciplinary passion for Design x Food; a common vision to re-imagine and manufacture Food and Beverage Furniture for the fascinating world of Hospitality.

We are driven by the desire to introduce a new product to the market; it started by the singular commitment to offer high quality & functionality F&B furniture and related equipment, with an environmentally friendly philosophy in mind.

Just as one couldn't think of Hospitality without Service, Mogogo strongly believes that our relationship with our customers starts from our very first conversation and lasts forever. We understand the ins and outs of F&B Professionals daily challenges; therefore, customer service is an inherent part of our product.

These parameters guided, what would later be known as, the building blocks of our Brand. In fact, Mogogo's design voice is anchored in the simple and optimistic idea to make a positive impact. We are passionate about the world of Food, Hospitality and Service; and we believe that we have introduced a new standard of F&B Furniture Design, which has earned great recognition in the market.

Think of Mogogo F&B Furniture as the door to a new era in Hospitality-where beautiful, functional products blend seamlessly in any interiors, while elevating design standards for your guests.

BENEFITS

When versatile functionality meets high design, we can deliver an exceptional line of products which adapts to any event size or type. At the heart of our design intentions is the constant search and implementation of new & diverse functionality within each collection. Divided into five types of benefits, these are the pillars which define Mogogo's new generation of F&B Furniture.

LINENLESS

Our products are linenless, revealing a modern yet classic look, which seamlessly blend within your event space. Once you move towards linenless furniture, you will consequently experience substantial savings on money, laundry, handling, set-up, replacement of linens as well as energy. Therefore, the beauty behind our linenless furniture goes far beyond its aesthetic clean line design.

MODULAR

The modularity of our collections allows you to pick and choose different parts to create a wide variety of combinations of products. Select a basic element, choose finishes and materials, and pick extra add-ons to further customize each unit.

MOBILE

Mogogo's line of products is easily customizable and allows for high mobility. Whether they are lightweight and portable or come with heavy duty casters; all allow for easy transportation. Additionally, Mogogo designed corresponding Transfer and Storage Carts, in which all folded/disassembled units can be stored to facilitate transport between locations.

SUSTAINABLE

We design quality and durable products, with a conscious reflection upon our carbon footprint. Beyond the use of sustainable materials such as bamboo, since Mogogo products can all be disassembled into small parts, product shipping is made easy and concise. Additionally, what truly extends the life of our product is that every single part may be bought separately.

ADD ONS

Mogogo offers a variety of functional and aesthetic add-ons, such as signpost, arch, canopy and breath guards to help our customers satisfy their needs, adapt to any challenge they might face, and exceed their expectations.

Modular

SYSTEM

ACTION / BUFFET / BAR / COOKING & WARMING

Mogogo's flagship collection, the Modular System, allows you to use the same components in various ways to create different configurations of products. Our Modular System Line is composed of our Classic and Creative Range, and a large variety of complementary accessories.

Our Classic Range consists of buffet tables and shelves that fit each other seamlessly, functioning as building blocks to the Mogogo System. The classic range is characterized by a sleek linear design, adaptable to both traditional and more modern edgier look.

Our Creative Range comes with a curved design concept. Our creative system is patented and offers unique features based on our vast experience in mass food service operations.

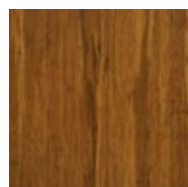

Our stations are carefully designed maintaining a delicate balance between high functionality, durability, and mobility; all in perfect symbiosis with high design standards, providing an ideal solution for the Food and Beverage industry.

MATERIALS

Tabletops are available in high-density bamboo panels or Brushed Stainless Steel.

Leg Segments are available in Brushed Stainless Steel or can be special ordered in our new Brushed brass finish.

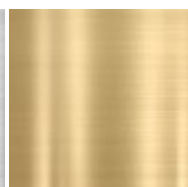

Quick Covers are made of Woven Vinyl, available in Golden-Brown, Silver-Grey and our new Charcoal-Black.

HOW IT WORKS
Modular System

Mogogo Modular System is composed of individual parts, which can be assembled to create endless configurations. These individual components sit at the core of the Mogogo Modular System. In fact, they are utilized as the base for creating Action Stations, Buffet Stations, Bar Stations and more when combined with add-ons, in order to offer the perfect customized touch for all of your buffet solution needs.

All Buffet Stations have essential elements : Bamboo panels, mid-part segments, and leg segments (permanent or mobile casters). From there, you can start choosing your add-ons: different shelves, sign posts, quick covers, archs, etc... for the ultimate customization.

What is unique about Mogogo's configurations is the freedom of building any stations you want from the exact same parts. Start with a Basic Station and add shelves: it makes for the ideal Breakfast Station. Add a different tabletop and covers: it becomes an elegant Bar Station. When the sum of parts is bigger than the whole; we deliver on unique and endless possibilities.

ACTION STATIONS

Guest's fascination with chefs, food preparation and presentation around the action station continues to grow and evolve in events today - it's a great way to add some spice and surprise to your culinary landscape.

Mogogo's Action Stations are designed to enhance the interactive experience of your guests through elegant design, while providing chefs and F&B professionals all the functional elements they are looking for. From an omelet station to a make-it-your-own dish station, Mogogo Action Stations are extremely modular; our ever-expanding line of add-ons and a wide range of tabletops deliver functionality and authenticity.

Cooking in front of the guest entices all their senses - and we believe beautifully crafted furniture is part of the experience.

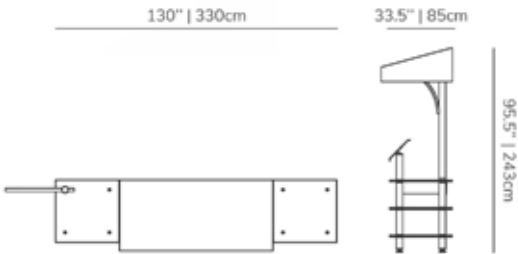

Round Station / CR302

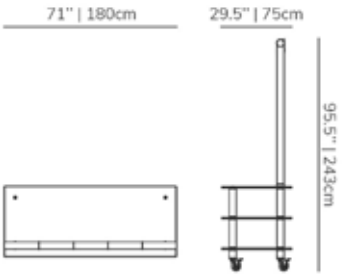

W Station / CR303 + CN302
Display Shelves / OE003 + OE004

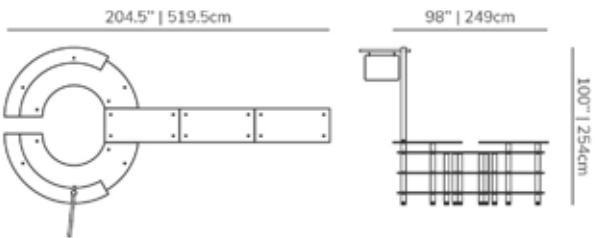

CLASSIC CANOPY STATION FM301
(shown with optional CN202 covers)
(For Brushed Brass finish order FM301BR)

(For Brushed Brass finish order CR332BR)
Neither round nor square, this station creates a minimalist and functional approach, designed to serve large crowds with minimal effort.
DIMENSIONS L134.5" W84" H41"
L342cm W214cm H104cm

BUFFET STATIONS

As a fundamental functional element to any F&B operation, we believe Buffet Stations no longer need to be hidden under heavy linens nor lifted by your staff.

Mogogo takes an innovative and sustainable approach to Buffet stations by introducing new design and functionality for linenless F&B Furniture, revealing beautiful clean lines. The presentation of a station is just as important as the quality of food being served and Mogogo offers ideal solutions for Chefs to display their most exquisite dishes. From Classic to Creative, Mogogo Buffet Stations offer a wide range of display and self-service stations. Above, add shelves to elevate the dining experience of your guests; below, add our Quick Covers to conceal extra storage space.

Maximize every corner of your catering space by mixing and matching between our Classic Range and Creative Range to reinvent the experience of self-service in events.

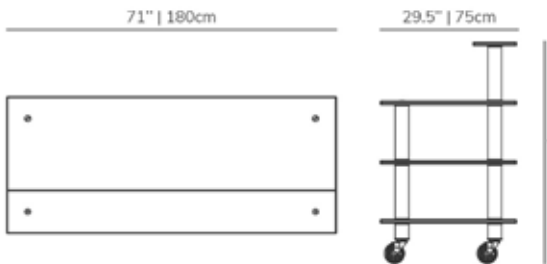

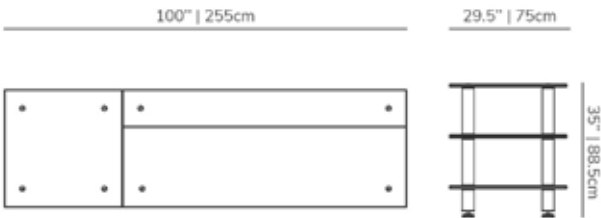

Large Unit / CU305 + CN202
Display Shelves / TE001 + TE004
Small Unit / CU303 + CN206

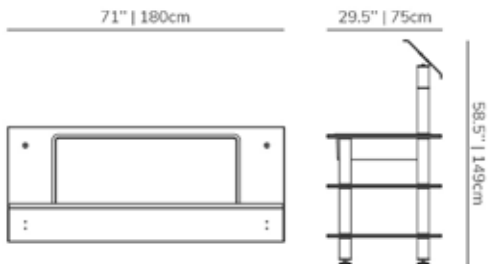

CLASSIC PLUS CP003
(shown with optional CN201 covers)
(For Brushed Brass finish order CP003BR)
All about versatility; a coffee break station in the morning, a food station at lunchtime, and a portable bar in the evening.

COOKING & WARMING STATIONS

The visual appeal of the colors and textures of the food, the aroma as it is prepared and the sounds of food being cooked. Cooking and Warming Stations generate excitement, curiosity and can be a great catalyst for social interaction.

Mogogo's newest addition to its induction stations, is a fully integrated drop-in cooking induction range. Now, Cooking and Warming Stations are redesigned as one modern and beautifully crafted element to seamlessly blend with your hospitality design standards. Designed as a modular extension to our existing function-based tabletops; Mogogo Cooking and Warming Stations offer your chefs high-functionality, mobility and add a sense of theater for a special catering experience.

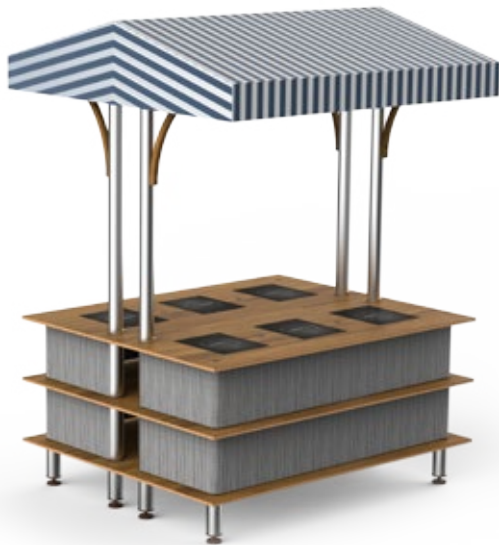

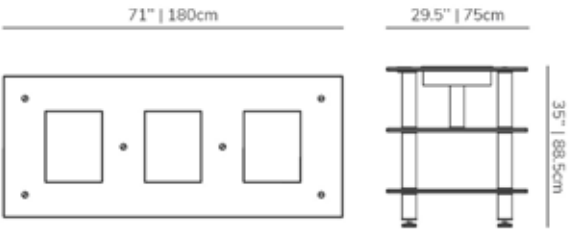

Your guests want creativity and variety. Introduce them to new culinary territories and let them discover new sensations with Mogogo Cooking and Warming Stations.

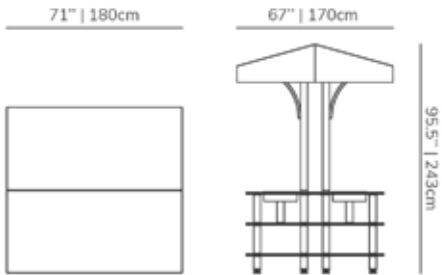

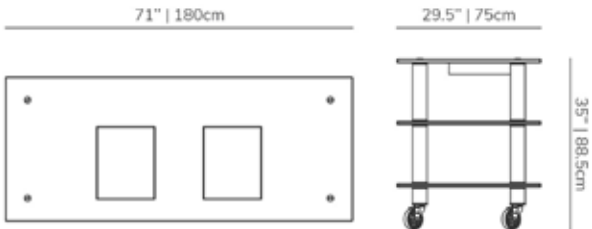

TRIPLE WARMING INDUCTION CU331-NM-120/240
(shown with optional CN202 covers)

SYSTEM BREAKDOWN

Mogogo's Modular System is based on a wide range of individual parts, which can be stacked up & assembled to design a variety of stations.

Our Modular System stems from the ambitious idea that your F&B Furniture should adapt to your ever-varying needs during different event sizes, types, and themes. It allows you to pick and choose basic elements such as tabletops, leg segments, casters, shelves and other add-ons.

Endless vertical and horizontal possibilities exist, while choosing between our functional tabletops: from classic, to cooking, warming and bar tabletops, or picking your material and finishes of choice; Mogogo Modular System gifts you the privilege of an ocean of possibilities.

FOOD SERVICE CARTS

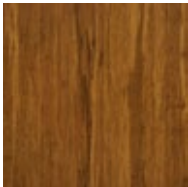

Tablesideside Service is considered an exquisite service in the hospitality industry. A smaller unit on wheels with sleek design, which will be the ideal serving sidekick for your staff, in any dining environment.

Just like everything designed by Mogogo, the Roll'n Service Cart collection starts with a core element. An elegant and functional cart with high density bamboo panels, heavy duty casters, and a slick vinyl covered handle for easier and more comfortable navigation.

From there, Mogogo's designers developed a series of add-ons that can easily transform your service cart into a cheese serving cart, cocktail cart and much more.

MATERIALS

Cart panels are made of high-density bamboo panels.
Leg Segments are available in Brushed Stainless Steel or our new special order brushed brass finish.
Quick Covers are made of Woven Vinyl, available in Golden-Brown, Silver-Grey and our new Charcoal-Black.
Cart handle is made of Vinyl Leather, available in Dark Espresso.

FOOD SERVICE CARTS

Mogogo's new multi-purpose Food Service Cart is both aesthetically pleasing and functionally designed as a companion to Mogogo's full product range or as a standalone cart for table-side service, room service delivery, display or any other occasion requiring a cart.

Its unique built-in bumper system, heavy duty casters and legs, and bamboo shelves offer superior strength and durability.

Functional enough to be of any assistance in the back end of your hospitality operations. Elegant enough to be your serving companion of choice for any chic event. Meet Mogogo's Serving Cart; unparalleled in today's Foodservice Market.

COFFEE / BISTRO / BAR / DISPLAY

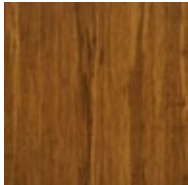

Mogogo's Polo Tables are lightweight and extremely versatile, designed using our unique Modular System.

Available in Round, Square or Oval Tabletop shapes, they offer a wide variety of combinations.

This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station in no time. It provides you with flexibility while also retaining simplicity and style.

MATERIALS

Tabletops and small shelves are made of high-density bamboo panels. Leg Segments are available in Brushed Stainless Steel or our new special order brushed brass finish.

The CliX Tables collection is the latest addition to the Mogogo Modular family.

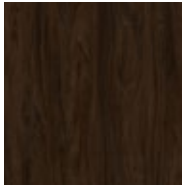

Like everything designed by Mogogo, it is both functional and beautiful, all while making the lives of our customers a little bit easier. CliX is inspired by the existing strengths of Mogogo’s modular banquet furniture while further exploring versatility and adaptability. From these two function defining parameters came our patented quick-lock mechanism. One click to attach and one twist to detach, CliX delivers a product that is easier to store and assemble.

Available in three different heights as well as three tabletop shapes, it is our pleasure to introduce CliX to the world, the latest culmination in our quest to produce tools for professionals that combine maximum functionality with a refined design aesthetic.

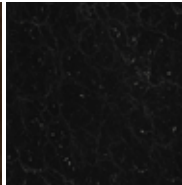

CliX Tables redefines aesthetical and functional standards in the realm of F&B catering.

MATERIALS

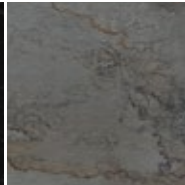

Round / Square / Rectangle Tabletops available in bangali mango wood, black nero marquina marble, or grey slate.
H30" / H36" / H42" Base available in Brushed Stainless Steel or Brushed Brass Finish.

Brushed Brass Finish

HOW IT WORKS
CliX Tables

CliX Tables are the latest addition to the Mogogo F&B furniture range. Our unique patented quick-lock mechanism and universal base makes it easy to store, assemble and disassemble; one click to attach and one twist to detach. With a multiplicity of tabletop / base combinations to choose from, CliX Tables provide you with an unprecedented array of display options. CliX Collection offers a variability of tabletop shapes and materials, as well as different base heights and materials giving you the freedom to create an interesting visual landscape.

The long awaited elegant design solution for any F&B operation is finally here. When you combine form and function, it just CliX.

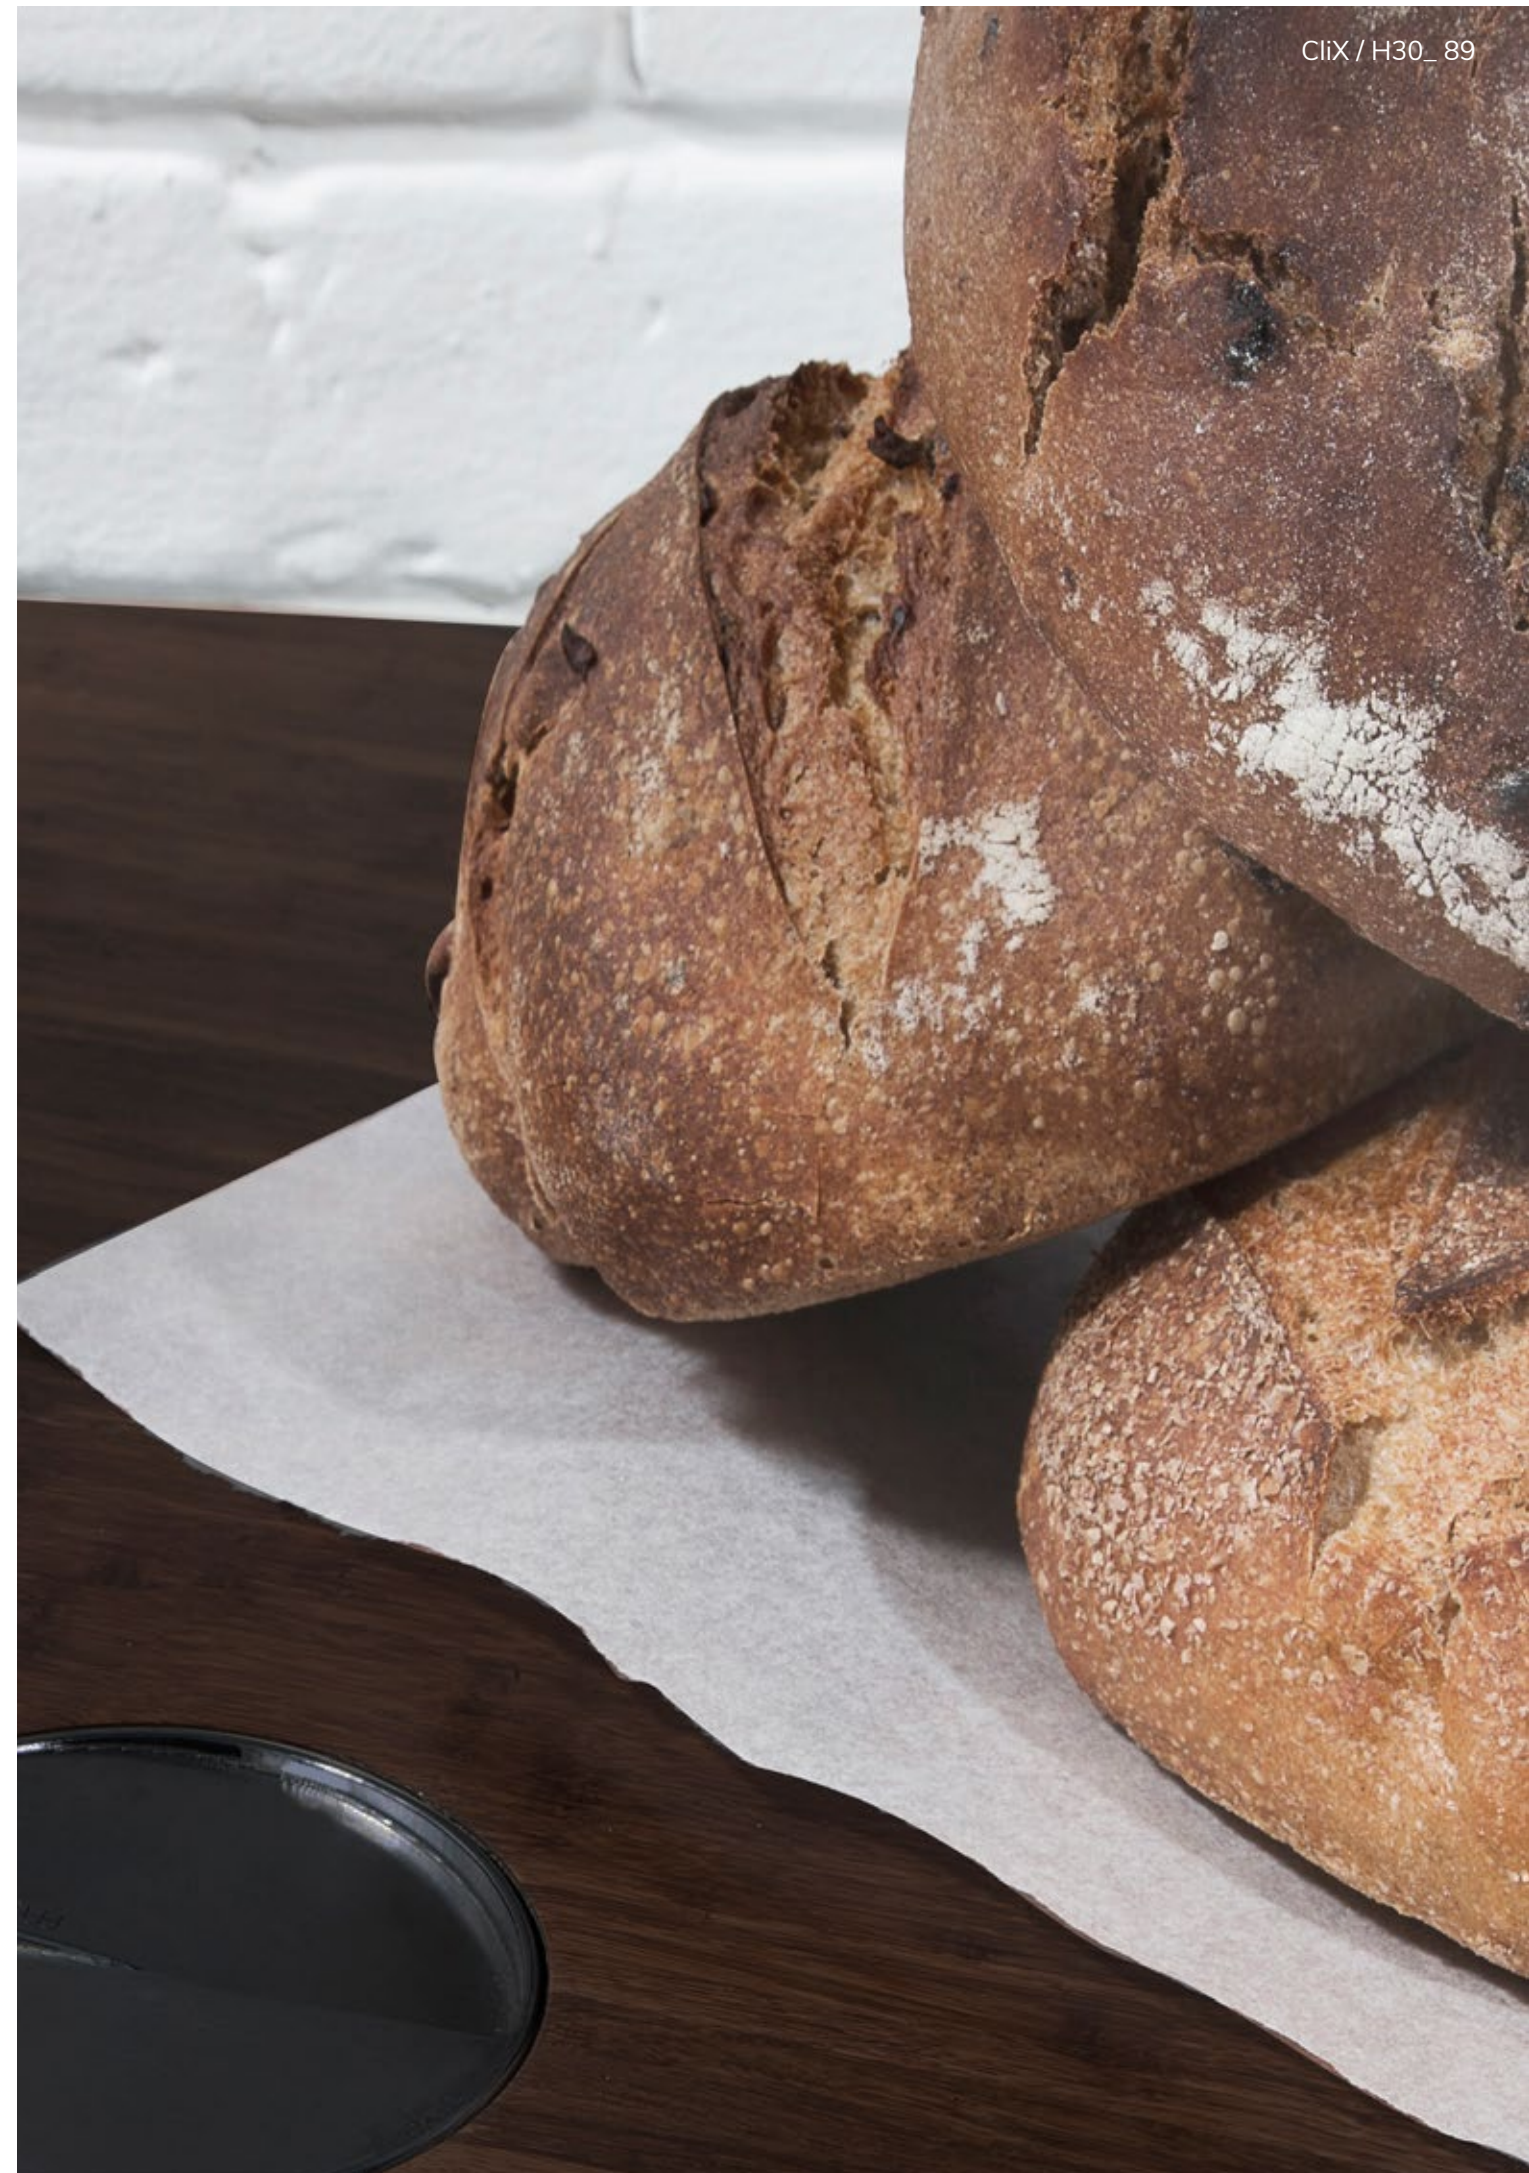

H30 TABLES

CLiX H30 embodies the most popular height for Catering Tables.

Standard in height, but not in design; CLiX H30 instantly elevates the event atmosphere to something quite sophisticated and chic.

Available in Rounded, Squared, or Rectangular Tabletops, CLiX H30 is an essential piece for any high end or laid back catering events; adding the perfect twist that clicks.

TRANSFER AND STORAGE CARTS

CliX Carts are designed for your convenience and mobility. They are an integral part of the CliX system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in or out of elevators; they make the behind the scenes of your time sensitive events easier and gives you an extra push on productivity.

SYSTEM BREAKDOWN

Mogogo CliX Catering Tables Collection offers endless combinations with only 2 basic elements at its core: Tabletop and Base.

Tabletops are available in Three Shapes and Three different materials. Table Bases are available in Three Heights and Two stunning finishes. Bottom shelves are available in Two Shapes to add extra storage or display space.

Delivering on our promise of high functionality and diversity, CliX Collection reveals a new paramount in product design for hospitality.

OUR STORY

Mogogo Co-Founders
Moti Ben-Aharon & Yariv Kadosh

Mogogo was born out of a passion for quality design and professional cooking.

After more than 20 years in Hospitality, a Le Cordon Bleu Chef and an Industrial Designer teamed up to create mobile, linenless F&B furniture for Hotels, Event Venues, Restaurants that combine the very best of both design and functionality.

This collaboration between Chef Moti Ben-Aharon and Industrial Designer Yariv Kadosh began in 2009. The pair decided to name the brand Mogogo, based on a traditional oven used in northeast Africa. This oven symbolizes the ancient rituals of communal eating – something that is still very much at the core of our society for every important occasion.

Today, Mogogo is led by designers and chefs that understand the importance of design and a great user experience. We identify the challenges of our customers and make it our personal mission to provide the highest quality of products as a solution to their needs.

As professionals, you are passionate about delivering time and time again an exquisite user experience to your guests, and Mogogo has the same commitment to F&B professionals worldwide.

Hospitality and Food Service field is an endless learning (and enjoyable!) experience, we take pride of being experts in this niche. Mogogo hopes to continue to exceed our customers expectations and to always push the creative envelope of function and innovation.
