BASE FRAME

# ASSEMBLY

- 1
- Screw the casters to the base frame and tighten using the flat wrench

2

Place Base and Top Frame  
apart from each other

3

Assemble the frame uprights to the base frame.

Support the uprights while tightening!

**Make sure you connect each end of the beam to the right side**

4

Tighten the frame uprights to the top frame

5

Set the Canvas unit upright.

**GREAT JOB, YOUR GOOD TO GO!**
