X1	X2	X2	X4	X4	X6	X2
						
ALLEN KEY FOR M16 SCREWS	M16 ALLEN SCREWS	SCREW CAPS	CASTERS WITH BRAKES	SERRATED LOCK WASHERS	SERVICE CART SEGMENTS 12" 30cm	

1

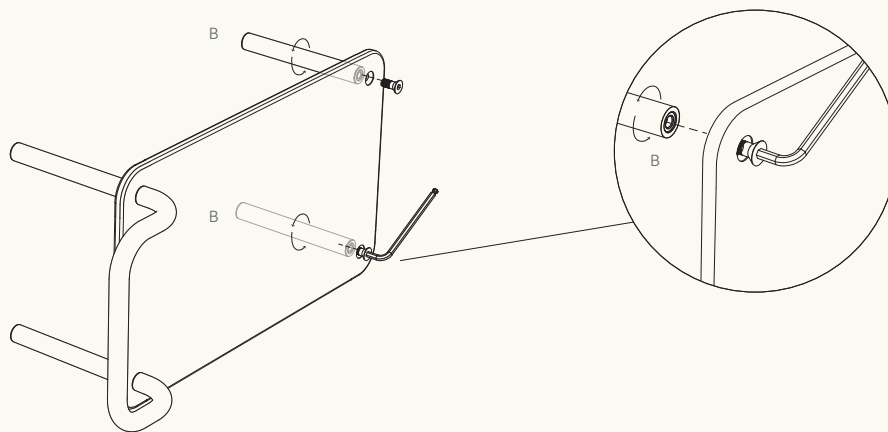

Start by turning one panel on its side.
Screw the segments tightly into the leather handle.
If your cart includes a stainless steel handle instead of a leather handle,
it should look like drawing 1.1.

1.1 Stainless steel handle

2

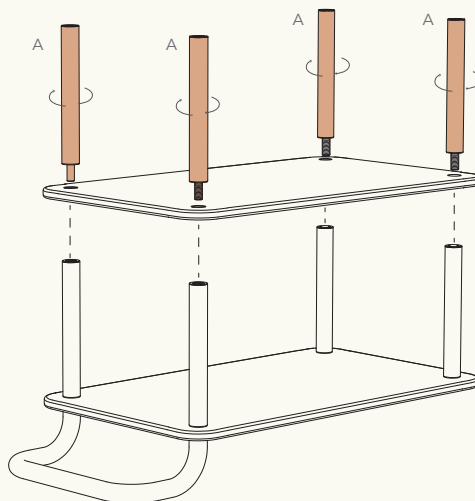

ALLEN KEY FOR
M16 SCREWS

3

Turn the cart upside down.

NOTICE: Make sure to tighten the segments as well as possible.

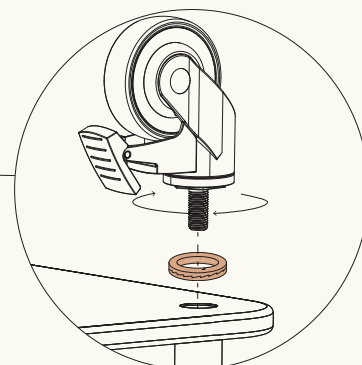

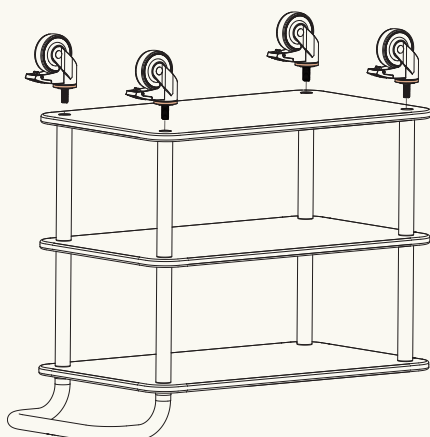

4

Lock the casters and place the lock washers on the screw holes.
Screw the new casters onto the cart as tightly as possible.

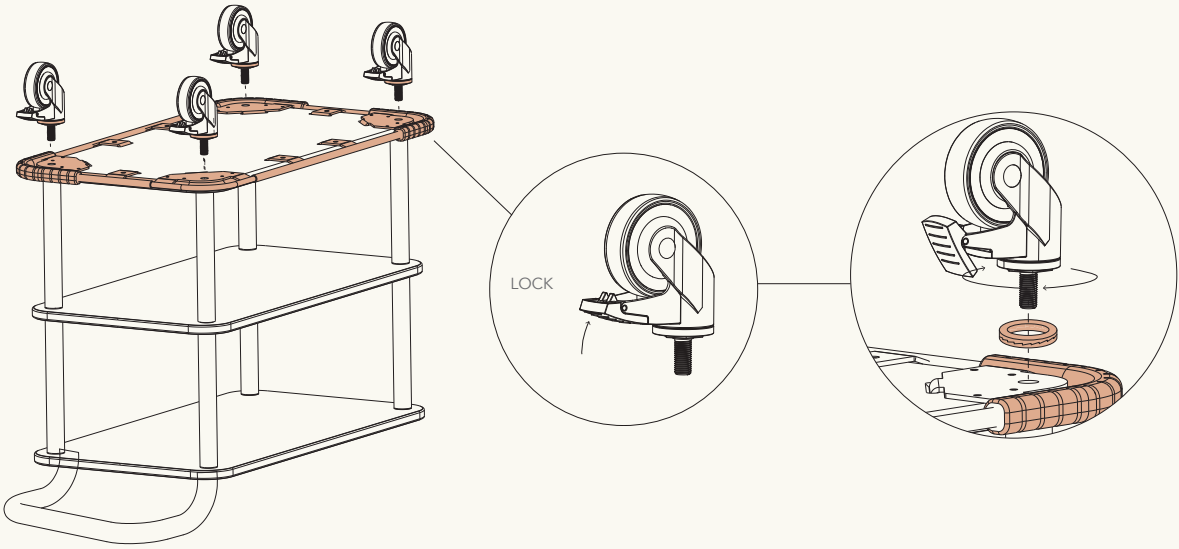

*If your cart includes a bumper system, it should look like drawing 4.1

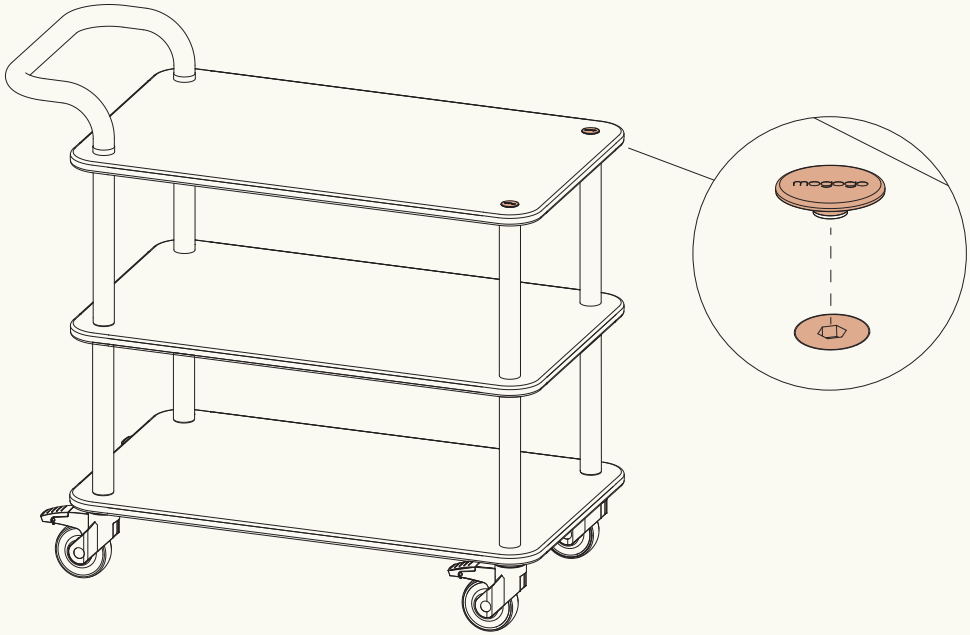

X4
SERRATED
LOCK WASHERS

4.1 Bumper system - Position the BHP bumper system panel in the correct orientation, as shown in the drawing.

5

Great job,
you're good to go!
